## WORK EXPERIENCE

### Frontend Developer

#### Outgrow.co (Feb - June 2023)

- Outgrow is a tool for creating quizzes, assessments, surveys, polls, contests, chatbots, product recommendations & calculators that generate leads.
- <https://outgrow.co>

### Frontend Developer

#### HR Management System (Jan - March 2023)

- Built an HR management system website using Angular, allowing HR professionals to efficiently manage employee records, benefits, and payroll.
- Integrated email notifications and reminders for important HR processes, such as performance reviews and leave requests.
- Developed custom reports and analytics dashboards to provide insights into HR metrics.

### Full Stack Developer

#### Adventure Trip ( Aug 2023 - Present)

- <https://adventuretrip.onrender.com>
- Adventure Trip is a dynamic and user-friendly website built using React.js, designed to provide a seamless platform for adventure enthusiasts to explore and plan their next thrilling journey. This project showcases my skills in web development, front-end design, and user experience optimization.
- **Key Features:**
  - Interactive Trip Planning
  - Detailed Information
  - Search and Filters
